

## **PRICE/SURCHARGE INCREASE NOTIFICATION**

Advisory Notice 18th July 2022

**Dear Customer,**

This notice is to advise you that as a result of continued increases in raw materials Mosaic have reluctantly accepted that we have no option other than to pass these costs on a despite our best efforts to avoid doing so. This will be in the form of a blanket 10% increase across product lines.

We have also reviewed the surcharge which was introduced in April 2022. As a result all jobs will have a surcharge of £1.40 per thousand mats included within the quote (previously £1.28 per thousand mats).

The price increases will be effective from Monday 1st August 2022.

To discuss this in more detail, for further information regarding current lead times or to confirm the new pricing please contact your account manager.

We continue to place great value on our customers and their loyalty and would like to thank you for your continued support and business with Mosaic.

Yours Sincerely,

**Gary Pearce**

Managing Director
